## Seafood Specials June 5th through June 9th

**Large Day Boat Monkfish Fillets, Boneless/Skinless:** There are a couple of the New England boats that are targeting monk and coming in daily with very high quality fish. Most monk is a product of by-catch and is not of this quality. We purchase only large fish from these boats and fillets run in the 12-20 ounce range.  
**SMF**

**Silver Streak Hybrid Striped Bass Fillets**  
This is a great alternative to wild rockfish. No antibiotics or growth hormones added. The flesh is firm and fish of this size are full flavored due to high fat content. The fillets will average 8- 10oz each.  
**SSB**

**Atlantic Snapper Fillets, PBO:** These snapper will average 2- 4# each and will produce fillets in the 8-12 oz range. This size fish is perfect for single serving size fillets. The flesh is very light in color with bright red bloodlines.  
**SRSF**

**Butterfly Bronzini:**  
The fish have been carefully prepared for stellar plate presentation. The head, back bones and pin bones have been removed. The skin is intact and the tail remains on. This is perfect blend of European and American presentation. In Europe fish of this size are often served whole with the head on and bones in. That presentation is not as readily accepted in the states where most consumers do not want to see the head or deal with the bones. We have fabricated these fish so you can still present the fish in a natural form without all of the negatives that go with whole fish. 7/9oz portions
