PROVISIONS

Atlantic Snapper Fillets, PBO: These snapper will average 2- 4# each and will produce fillets in the 8-12 oz range. This size fish is perfect for single serving size fillets. The flesh is very light in color with bright red bloodlines.

SRSF

Carolina Mountain Natural Trout Fillets 6/8oz (Skin on PBO):

Carolina Mountain starting to farm trout in 1980 in the cold crystal clear waters of the western Carolina Mountains. The water is coming from the National Parks spring fed streams. The goal of Carolina Mountain Trout Farms is to produce the finest, freshest farmed trout available. A goal that they definitely achieved. One taste and you will see how fresh and clean tasting this fish is.

SRTFN

Yellowfin Tuna Loins: We are seeing good production of high end fish. The fish are averaging 60 - 80 pounds H & G and will possess very good volumes of fat and great red color. The loins will average 10 - 15 pounds each with both 2+ and 1# grading available.
