Creekstone was founded with the goal of providing the world's most consistent quality beef. They source Black Angus Cattle from family-owned farms; and control the grazing and feeding practices throughout the entire process. Creekstone chuck flap provides excellent value in such an elite program, and has become a popular braised item because of its consistency in texture and size. Each piece weighs approximately 2pounds.

## Seafood Specials May 15th through May 19th

### **Cooked Spanish Octopus Tentacles - Frozen Packed 10cs (10x1#):**

Very user friendly; cleaned and preboiled frozen tentacles from the finest Spanish Octopus. Thaw and serve cold or heat and serve. Sold by the 10lb case which is packed as 10/1lb units.

**Skull Island Tiger Prawns:** Skull Island is an island in Australia's Northern Territory and it's where we catch the biggest tiger prawns in Australia's Northern Prawn Fishery. Skull Island tiger prawns are the world's first certified sustainable tropical prawn. They are only caught during the months of August to November each year, and only caught during the night to ensure minimal impact on by-catch. Caught, packed and snap frozen at sea from the pristine waters of Australia's Gulf of Carpentaria, ensure the eating characteristics of Skull Island tiger prawns remain intact until they are enjoyed on the plate. *Packed in a 6.61lb box. 4/6 Count*

**Atlantic Snapper Fillets, PBO:** These snapper will average 2- 4# each and will produce fillets in the 8-12 oz range. This size fish is perfect for single serving size fillets. The flesh is very light in color with bright red bloodlines.

**MSC, Cod Fillet, Boneless/Skinless, 20oz up:** The meat from cod loin is rather sturdy for a white fish, which makes it ideal for baking, using in stews or in a bouillabaisse. It can also be battered, pan-fried, poached or steamed. Hook and line caught cod. These cold-water cod are very firm and full of fat.
