MSC Certified Harpoon Sword Loins: The season is under way! These fish are harvested by small vessels that work in conjunction with spotter planes. When the fish are spotted the boats sneak up and harpoon the fish. This method insures a quick kill. The fish are not thrashing on a line until they expire. These fish are full of fat and will sizzle on the grill. This is the time to feature Sword! (Cut from 100-300# fish)
